

Priya Deshmukh

 Pune, Maharashtra, India •  priyadeshmukh2037@gmail.com •  [linkedin.com/in/priya-deshmukh](https://www.linkedin.com/in/priya-deshmukh)

PROFESSIONAL SUMMARY

Detail-oriented **Cybersecurity Student** and **Aspiring SOC Analyst** with a robust technical foundation in network security, infrastructure defense, and data privacy. Possesses cross-functional programming proficiency across Java, Python, and web stack technologies (HTML, CSS, JavaScript) to analyze secure application behavior and system logs. Demonstrates practical experience using Kali Linux in professional internships, combined with dedicated project development and participation in premier enterprise security summits.

TECHNICAL SKILLS

Security & Domains: Log Inspection, Web Security, Identity and Access Management (IAM), Cyber Law, Risk Assessment

OS & Networking: Kali Linux, Linux Administration, Computer Networks, TCP/IP, Routing & Switching

Core Tech Stack: Java, Python, C, HTML, CSS, JavaScript

PROFESSIONAL EXPERIENCE

Cybersecurity Intern

Jan 2026 – Feb 2026

Shadowfox — Remote

- Utilized **Kali Linux** environments to conduct security analysis, infrastructure scanning, and network reconnaissance.
- Analyzed system vulnerabilities and cross-referenced patch statuses to support defensive control alignments.
- Documented vulnerability remediation workflows and technical findings to communicate observation insights.

CYBERSECURITY PROJECTS

Log Inspection & Automation Engine

Ongoing

- Developing **Python** scripting engines to automate log parser routines, streamlining flagging of network security events.
- Configuring localized lab testing to inspect mock network traffic and inspect packet anomalies against standard headers.

Secure Web Application & Identity Environment

Ongoing

- Building robust configurations leveraging front-end stack and **Java** to study secure application logic.
- Configuring basic Identity and Access Management (IAM) matrices to experiment with user access control bounds.

EDUCATION

Bachelor of Science (BSc) in Cyber Security

Expected Graduation: 2027

Indira College of Commerce and Science — Pune, MH

- **Relevant Coursework:** Computer Networks, Web Security, Cyber Law, Data Structures & Algorithms.

PROFESSIONAL DEVELOPMENT & ACHIEVEMENTS

Identity Shield Summit (miniOrange)

January 2026

- Studied corporate access controls, Zero Trust models, and modern Identity & Access Management (IAM) architectures.

Certifications & Engagement

2025 – 2026

- **Certification:** Blockchain Technology and Industrial Applications Course Completion Certificate.
- **Competitions & Service:** Prompt Storm Competition Participant (Feb 2026); National Service Scheme (NSS) Volunteer.
